**Level 2: Sat & Sun from 2p to 6p.** In Level 1 you made changes in the way you think, learning to consider your horse's point of view and to understand the predator-prey relationship challenges. This class is appropriate for those that can pass the Level 1 assessment or prior approval. ### ***What is Parelli Natural Horsemanship???***

Founded in 1981 by lifelong horseman and teacher Pat Parelli, the Parelli Program combines common sense psychology and communication. Unlike many training programs, the Parelli method teaches the human, not the horse. Early on, Pat realized that horses already had all the skills they needed to thrive and relate with their kind. It was adding the human element that complicated things.

Most riding schools focus on just that ... riding. But that's only part of the skill and knowledge we need to become safe and skillful with horses. Horses are much more than just a riding animal -- they're an attitude on four legs! Horses have instincts, thoughts and emotions about people, and this determines how they respond or react, whether positively or negatively.

The Parelli method allows horse lovers at all levels and disciplines to achieve... **success** without force, **partnership** without dominance, **teamwork** without fear, **willingness** without intimidation, and **harmony** without coercion.
